Phil,

Since part of Tracie's job now is to function as the Stream Expert for our unit, I think it would be great if you could spend a few minutes talking with her about Bristol Bay work. She has developed a great relationship with ORD in Corvallis and could be a key to getting the right ORD help along with Mike and Jeff. Plus she may have some insights in how we assess impacts.

Thanks again for all your good technical work. It was nice to see you in person last week.

Thanks
